

LIPI SHREE

B.Tech Computer Science & Engineering Student · Lovely Professional University

lipishree3012@gmail.com | Phagwara, Punjab, India | [GitHub](#) | [LinkedIn](#) | [Portfolio](#)

PROFILE

Second-year B.Tech CSE student at Lovely Professional University with a foundation in C, C++, Python, web technologies, and DBMS, and a growing focus on Data Structures & Algorithms. Comfortable learning quickly, explaining technical ideas simply, and turning ideas into deployed, working projects. Experience leading a 30-hour community digital-literacy initiative across six schools, coordinating a university tech fest, and building and shipping a browser-based multiplayer game.

EDUCATION

Lovely Professional University *Aug 2025 – Aug 2029 (Expected)*

Bachelor of Technology — Computer Science & Engineering · 2nd Year, Currently Enrolled

Indraprastha International School *Apr 2023 – Mar 2025*

Senior Secondary — PCM (Physics, Chemistry, Mathematics)

GNTL School, Bikhampur, Muzaffarpur *Apr 2021 – Mar 2023*

Secondary School

SKILLS

Programming: Python, C, C++, Data Structures & Algorithms

Web: HTML, CSS, JavaScript

Database: DBMS, Modern Database Systems

Professional: Communication, Teaching, Presentation, Teamwork

EXPERIENCE & RESPONSIBILITY

Community Development Project — Python & Digital Literacy Outreach *30 Hours, 2026*

Independent Initiative · 6 Schools, Bihar

- Designed and delivered a 30-hour outreach program introducing computer basics, binary representation, and beginner Python to students across six schools.
- Simplified technical concepts for a younger audience, focusing on practical, hands-on explanations of digital literacy fundamentals.
- Engaged institutions including SHEMFORD International School, Holymission Senior Secondary School, BP & CP Indraprastha International School, Indraprastha International School, and SKMI International School.

Astitwa — Event Coordinator *Lovely Professional University*

School of Computer Science & Engineering

- Coordinated logistics and real-time problem-solving for Astitwa, a multi-event technical fest, receiving a Certificate of Appreciation.
- Practiced leadership and event coordination while supporting multiple concurrent activities.

PROJECTS

Tikki Tople — Race to 35 *Completed & Deployed*

HTML · CSS · JavaScript · Git · GitHub Pages

- Built a browser-based multiplayer card game where players strategically rearrange a stack to reach 35 points first.
- Implemented modular game logic, UI, and sound design; deployed live via GitHub Pages.

CERTIFICATIONS & CREDENTIALS

- Fundamentals of Python 1 — Infosys Springboard
- Fundamentals of Python 2 — Infosys Springboard
- Mastering DevOps — Infosys Springboard
- Modern Database Systems — Saylor Academy
- Basics of Motivation and Leadership — UniAthena / Cambridge International Qualifications

HACKATHONS & ADDITIONAL PARTICIPATION

- HACK-ADHYAAY — 24-hour National-Level Hackathon (Nov 28–29, 2025)
- Board2Code Hackathon 2026 — Certificate of Participation, NetPractice Campus
- Trivarna 2026 — Capture The Flag (Cybersecurity-focused CTF participation)
- National Internet Day 2025 — School of Computer Science & Engineering, LPU (with EventViewz)
